

Professional Development Certification Program

Professional Learning for All Educators

2022-2023 Cohort

Professional Development Certification Program (PDCP) formerly known as Alternative Certification Program

The Professional Development Certification Program (PDCP) participants take prescribed online courses and complete other district and state requirements that allow them to obtain a Florida Professional Teaching Certificate. The online courses, along with support provided by district and school-based mentors, help these new educators become competent in the Florida Educator Accomplished Practices.
