

Academic Updates
from
Elementary &
Secondary Instruction

School Board Workshop
January 24, 2019

Secondary Updates

- AICE, AP and IB testing will take place as scheduled
- Deadlines for college/university admissions and fee waivers have been implemented by many institutions
- Scholarship deadlines have been extended
- Technology, hot spots, textbooks and resources have been provided for students to ensure success in advanced college level classes

Secondary Updates (continued)

- Site visits are being conducted at each of our secondary schools to assess needs and provide support
- Cord of 3 walks continue in February

Secondary Updates (continued)

Middle and high schools operating on the “split” schedule have gone above and beyond to make the shared campus work. Host schools welcomed their peers and shared resources. Rutherford and Everitt are working to combine their schools by sharing teachers, resources and equipment.

Elementary Updates

- Site visits were conducted at our 20 elementary schools in December. We were able to assess needs from principal feedback and provide supports.
- Combined schools have worked collaboratively to meet the needs of their new student populations.
- All schools are diligent to meet not only the academic, but social and emotional needs as well.

Elementary Updates(continued)

- The Winter MAP Progress Monitoring window is Jan. 7-Feb. 1. All grade K-8 students will be testing during this time. School and district data reporting will be available on Feb.2.
- Cord walks resume for all administrators in February.
