

District Proposal #3
ABCE Counterproposal #1
August 23, 2023

- 7.13 Teachers shall not be required to administer medication to students or perform any invasive medical procedures in accordance with Florida Statutes. **However, if a teacher is sponsoring a field trip, it is the responsibility of the teacher to ensure that at least one medication-trained person is willing and available to administer medication if needed.**
- A. **If there is another chaperone or employee on the field trip who is trained to administer medication, he or she will administer medication in lieu of a teacher.**
 - B. **Should there be no clinical nurse or aide available, the administrator shall have a list of trained designees to administer medication.**
 - C. **The District assumes all liability and fully indemnifies the supervising teachers. There shall be no liability to the employee for civil damages as a result of the administration of such medication when the person administering such medication acts as an ordinarily reasonable prudent person would have acted under the same or similar circumstances.**
 - D. **No teacher can be required to sponsor a field trip.**
