

CTE NEWS

Florida Students awarded "Articulated Credit" for earning an Industry Certification save on tuition at Florida State Colleges: about \$300.00 per certification ~ ACTE 2020

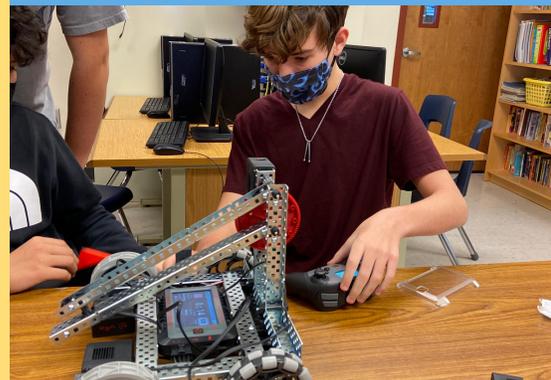

MIDDLE SCHOOL CTE STUDENTS EXPLORE ROBOTICS

VEX ROBOTICS AND PROGRAMMING ACTIVITIES

Bay District School's Middle School Career and Technical Education students explore robotics and coding. Students work with VEX Robots, 3D Printers, 3D Pens, programming activities that range from Scratch to Java. The students below are from Breakfast Point Academy in Becky Kildow's CTE Class.

Happy Thanksgiving!

Bay District Construction Academies at Rutherford High School and Arnold High School received \$1,750.00 each from BBIA to support their programs this year. These funds were presented at the October 27, 2020 School Board Meeting. (Award pictured below)

College Savings information is available on the Bay District School's CTE website

Rutherford High School Welding Building Foundation was poured recently! The building will be up soon! More pictures to follow!

INDUSTRY CERTIFICATION RECOGNITION AWARDS

CAREER THEMED COURSE REGISTRATION

ALL CTE PROGRAMS WILL BE REGISTERING TO EARN CAPE FUNDING THIS MONTH

Teachers please remember to carefully check all of the registration information sent to you. Please make sure that the school number, course code, class name and certifications are correct for your Career Themed Program. We want to make sure that what we submit in this first registration is correct. We will only be making small adjustments in windows 2 and 3.

Bay District Schools Recognition was delayed because of the Pandemic last Spring, but will take place at the November 10th School Board Meeting.

CAPE Funds earned in the 18-19 school year were finalized after Survey 5 and the final numbers were sent from the state in January 2020. The CAPE Funds were then divided among the programs.

Based on these final numbers from the state, CTE then awards a plaque to the school that earned the most industry certifications as well as plaques to the high school and middle school teachers whose students earned the most industry certifications in that school year. We are excited to be able to recognize the teachers and school for their outstanding performances.

Our winners are:

- 1.) School earning the most industry certifications: Deane Bozeman
- 2.) High School Teacher whose students earned the most Industry Certifications: Becky Peltonen at Deane Bozeman School - 229 certifications.
- 3.) Middle School Teacher whose students earned the most Industry Certifications: Jessica Brantley at Rutherford Middle School - 123 Certifications.

COVID-19: PLEASE CONTINUE TO PRACTICE USING SOCIAL DISTANCING AND HAND WASHING PROTOCOLS FOR YOUR SAFETY AND THOSE AROUND YOU AT SCHOOL, WORK AND HOME!

Bay High School's Allied Health Program HOSA student organization has been honored by the state HOSA organization. They have been Designated Guardian Chapter
