

Discontinuation of Diet Modification Forms

BDS Food Services is committed to the mission and vision of our organization. We aim to serve nutritious meals to all children, including those having medically diagnosed or special dietary needs. To be able to accomplish this goal it is important to notify as soon as possible any changes to the student's special dietary needs.

By completing this form, you are acknowledging your child does not have any food allergies and no longer requires special meal accommodations. Submission of this form results in your child receiving regular meals. If your child still has food allergies, please do not complete this form, a new updated Diet Modification Form is required.
