

CTE NEWS

Sep 27, 2019 — The data shows that CTE participation, especially focusing one's studies by taking two or more CTE classes within the same career cluster, is positively correlated with both future employment and future earnings. ~Department of Education

CTE TESTING is in FULL SWING

INDUSTRY CERTIFICATIONS

CAPE FUNDS SUPPORT CTE PROGRAMS - FINAL NUMBERS FOR 2019-20

We had Hurricane Michael and then the next year we experienced the COVID Pandemic with no face to face instruction after spring break. The pandemic struck at the height of the CTE Testing season. FLDOE did extend testing into the fall of 2020 and we had teachers testing down to the last possible day to provide our students with the opportunity to earn industry certifications in their career pathways. Our teachers and students showed amazing perseverance and it is with great pride that I share their final state approved numbers with you!

Just in from the state:
1,526 certifications to include 7 Dual Enrolled certifications (4 through Haney Technical Center and 3 with Embry-Riddle)
 CTE CAPE Funds earned: **\$527,340.00**

WAY TO GO CTE TEAM AND CTE STUDENTS!!

Reminders for Testing!

- 1.) Please remember that students can only test 3 times for a particular IC exam and attempts **MUST** be 21 days apart.
 - 2.) All proctors should be authorized ahead of time and all CTE teachers and proctors **MUST** have been trained by their school testing coordinator, CTE Supervisor or CTE Coordinator before testing can occur.
 - 4.) The teacher and proctor **MUST** have the **FORM FCAPEA-04** required by FLDOE on file before any testing can occur.
 - 5.) All students **MUST** have a picture ID with a demographic and signature.
 - 6.) Please make sure all testing stations have testing blockers in place and the testing script is read and all of the paperwork is completed and turned into the testing coordinator at your school within 48 hours of the testing event.
- Please call myself or Chandra Tyson if you have any questions.
