

CTE NEWS

Eight years after their expected graduation date, students who focused on career and technical education (CTE) courses while in high school had higher median annual earnings than students who did not focus on CTE. ~ Department of Education - 2019

CULINARY MAKEOVER AT RUTHERFORD HIGH SCHOOL

Rutherford High School's Culinary Academy has their Commercial Kitchen up and running. Thanks to a combination of Perkins Funds and Bay District Schools Facilities funds, we were able to provide Rutherford their first ever commercial cooking lab. Ms. Brayboy has been the teacher in this program for 2 years and she is thrilled to be able to begin giving students opportunities to learn about working in a truly professional kitchen. Previously all that the students had to learn to was an old homestyle Home Economics cooking lab. We want to thank the following people for their support of this renovation.

- Mr. Husfelt - Superintendent
- Mr. Walters - Executive Director for Facilities
- John Rigdon - Facilities Project Manager
- Mr. Pilson - Rutherford's Principal

Chef DUEY (pictured above) visits Bay District School's Culinary Programs to provide specialized instruction in creating vegetable and fruit designs.

Chef DUEY will be visiting, Arnold, Bay, Mosley and Rutherford High School's to prepare their students for the upcoming First Ever - Chef's Challenge. He will be working with students October 20th to 25th. Please look at the following link for Chef DUEY's Linked In Profile or just "Google" Chef DUEY to look at some of his designs.

Our students are very excited about this opportunity.
