PERMISSION TO ASSIST WITH MEDICATION ADMINISTRATION 2024-2025
ONLY ONE MEDICATION PER FORM

Under the provisions of Section 1006.062, Florida Statutes, any student who is required to take medication during the time they are attending school, including any occasion when the student is away from school property on official school business may be assisted by the school nurse or other designated school personnel if the school district receives, 1) a written statement from such physician detailing the necessity for the medication to be provided during the school day, including any occasion when the student is away from school property on official school business and the method, amount and time schedules by which such medication is to be taken, and 2) this permission form executed by the parent or guardian of the student granting permission for the school district to assist the student in the matters set forth in the physician's statement. I understand that certain health-related educational records of my child will be shared with the district's health care partners as needed to provide and evaluate health services to students. I also understand that my child's medical treatment records created by health care personnel at school may be shared with school officials who have a legitimate educational purpose for accessing such treatment records.
